

Fallbrook Oaks
FUEL TREATMENT LOCATION MAP

Legend

- NO COLOR Irrigated Zone A – Defensible Space (Yard, Property owner maintained). "Firewise" landscaping with groundcovers, shrubs and trees on the San Diego County Approved List (Refer to Appendix "A").
- Irrigated Zone B– Manufactured Slope (HOA/Homeowner Maintained). Cleared of native vegetation and replanted with "Firewise" landscaping and maintained to Zone A criteria on individual yards and along all streets and cul-de-sacs (Green).
- Non-Irrigated Zone C (HOA/Homeowner Maintained). Native plant thinning, and lacing, pruning and/or mowing (grass weed-whipping) to a 4-inch stubble height by June 1st of each year on individual yards and in the wetland buffer area (Yellow).
- Structure Set Back and/or Yard Combustible Free Zone. All structures be placed (set back) on the individual lots 9, 10 and 15-17 in order to insure the ability to implement the alternate methods for the 100' fuel modification treatment Zone A, Zone B and Zone C criteria. Yard Combustible Free Zones: All combustible building materials will be permanently restricted in the purple areas. (Purple)
- Protected Native Plant Habitat (wetland buffer)– Native Plant Protected Habitat, allowable maintenance in accordance with March 2007 County of San Diego Resource Protection Ordinance 9842, Section 86.604 (a),(3). (Blue)
